

# OIGC Spring 2022 Rehearsal Resumption Protocols

As we come back together in song, OIGC is committed to “caring on the side of safety.” Below are our plans for the safe resumption of in-person activities. We look forward to our whole community becoming a healthier, safer place. OIGC will always strive to model best practices for singing together, and to have our genuine love and concern for one another be present and visible in everything we do.

**GOAL:** To resume in-person choir rehearsals safely and responsibly in preparation for in-person performances during Spring 2022 amidst the on-going pandemic. Communicate openly and regularly; Focus on facts and follow trusted professional medical guidelines. Spread Joy and Unity through our raised voices.

**WHERE:** All in-person locations where OIGC gathers, rehearses, and performs.

**WHEN:** Beginning Spring 2022, to be modified as new governmental health guidelines are issued.

## PROTOCOLS:

- **Signed attestation\*** of vaccination status in advance, and commitment to self-report to [health@oigc.org](mailto:health@oigc.org) any potential COVID exposure; subsequent promise not to attend rehearsal until negative results are provided, preferably PCR test. *\*Attestation provided separately, and available on Chorus Connection.*
- **Fully Vaccinated:** Due to the timing of vaccination authorization, our members will have received vaccines and boosters at different times. “Fully Vaccinated” generally means you have received both vaccine doses and, if eligible, booster shot/s. Please provide verification in advance to [health@oigc.org](mailto:health@oigc.org). Come prepared with verification information to your first rehearsal to ensure your status is accurately (privately) noted in Chorus Connection.
- **Masked**, at all times. A black singer’s mask, used while singing, is an addition to our uniform.
- **Sanitizer** will be available at registration and in rehearsal space.
- Emphasize **social distancing** wherever possible. Please avoid **congestion**, congregating in clusters indoors.
- We will **refrain from hugging** and other forms of close contact while in the sanctuary and in the building. Please pro-actively express your own comfort level and explicit consent for greeting fellow participants outside the venue.
- Additional **facilities protocols** (i.e., open windows, disposable mic covers) may be in effect to support our health and safety, with dedicated personnel to fulfill.

While we understand that not everyone will be able to meet these protocols, we are committed to keeping everyone’s health and safety at the forefront. We are not bound by HIPPA standards, but we are bound by [OSHA workplace safety standards](#), as well as our commitment and concern for all our beloved community members
